Mountain bike through ruins at Anse Mamin

At Anse Mamin, there are trails back into the forest through an old plantation, and trail bikes to rent. Bike St Lucia rents mostly to Anse Chastanet and Jade Mountain resort guests, but they have a few spaces each day for others. They also offer the opportunity to hike the trails. We recommend you contact them before your trip to check for availability if you want to ensure you get to go biking. Stop at the ScubaStLucia hut on Anse Chastanet beach to make arrangements to rent bikes (or directions for hiking it, if you prefer).

You will have a new appreciation for the beauty of the island on the drive back up the coast. Bring your camera because the photo opportunities are endless.

Ride ATV's through the rainforest near Choisel

An exciting ATV tour that takes you on a trail through many unseen parts of the south of the island of St. Lucia. Our tour guide will take you on a journey through a network of exciting riding trails that begin in the mountains south of Soufriere, in the community of Balca, Saltibus. The 2-1/2 hour tour starts off on a working farm and continues onto an old plantation and the Devils Bridge. The ride also takes you through lush green valleys, and 2 beautiful secluded black sand beaches where you are free to swim, relax and have refreshments.

It explores many of the "off the beaten trails" not normally seen by visitors to St. Lucia. Besides the Pitons, Botanical Gardens and other famous sites in Soufriere, there are many other unexplored areas that offer amazing views and let you experience an authentic St. Lucian experience. The tour is also very interactive as you will not only get to sample different types of fruits grown on the estate, but your guide will brief you on the rich cultural history of the area and how it has molded St. Lucia into the island it is today.

If you have children under 16 years old, they can ride behind an adult. Each ATV can handle up to two people at a combined weight of 400 pounds. The tour costs US\$120 per bike and is available Monday – Saturday. Both morning (8:30) and afternoon (2:30) slots are available, although the online booking calendar also shows 11:30AM as a starting time. Custom times may be arranged.

They also offer a combined tour which includes rappelling 30 feet down to a river and some hiking. Price is \$180 US per person.

The ATV tour is the same as offered by Mystic Man tours. You can book directly with IrieLucia or through Mystic Man - you may want to compare pricing.

Tour the hills near Rodney Bay on a Segway

Come "glide" the island side. Experience the new fun, safe and environmentally friendly Segway X2, LucianStyle! Glide our scenic nature trail up beautiful Mount Pimard and enjoy breath taking views of St. Lucia's dramatic West Coast. First it's lessons and practice time on our "Segway Practice Track" and then it's a long gentle glide up our extensive groomed nature trail system while our informative guides talk about everything from the beautiful flowers and butterflies to the battles between the English and French for our fair Helen of the West.

First stop is "Pebble Beach" where local fishermen are often seen hunting for dinner and many rock skipping contests have been waged. Next, it's up, up, up the mountain side with many photo spots and educational stops along the way such as the now sealed bunkers that once served as tunnels, storage and lookouts for the American Military during World War 2. Once at our highest viewing point, Morne Pimant, guests are served local juices and fruits and invited to participate in a short walk up the volcanic masterpiece and experience "StoneFace Fish Pond", fish food and cameras strongly recommended.

As we begin our descent toward the beach we take a detour and enjoy "Belle View Point" for panoramic views of Pigeon Island, Reduit Beach, The Rodney Bay Marina and the Caribbean Sea that books will soon be written about. Lastly you will enjoy a relaxing glide along the beach passing the ever accommodating "LucianStyle Beach Hut" and feeling the sea breeze cool your soul.

We've done this a couple of times (the kids took off like rockets, Loretta took a little longer to get the hang of it!) It's a great way to get to try a Segway, and the tour is interesting – you are going through the hills near Rodney Bay, not through the town.

Tours start at 9 AM, 11 AM, 2 PM and 4 PM and run about 2 hours in length. Cost: \$93.50 US per person.
