

GETTING AROUND ST LUCIA

Driving in St Lucia is an adventure! Narrow roads, steep drop-offs with no guardrails, potholes, chickens, pedestrians, cows, unnamed roads (like ours), incomplete map apps, and lack of parking space and streetlights are all part of the adventure. Most of our guests hire our driver (he provides the vehicle, too).

Taxi/driver vehicles

Junior has several vehicles he uses for guests, from standard cars to very large vans. Here's a picture of his van that can comfortably seat six and a **lot** of luggage:

Taxi service by the trip

Pricing is for a round trip to a single destination. To return, you either arrange a time or you call for pickup. If you do not prebook by-the-trip service, you may have to wait for availability.

Full-day driver services (one driver and vehicle)

This is your best choice if you plan to go to multiple locations or are heading to distant locations. When you hire them for the day, they are available for you exclusively. "Day" is from the first time you leave in the morning until the last time you return to the villa for the day.

Please reserve full-day driver services at least 12 hours ahead of time with Junior or his driver. Same-day requests are subject to availability. If your plans change and you want to cancel a full day of driver service, **please cancel by 9 pm the evening before to avoid a \$50US “no-show” fee.**

Itinerary planning

If you are going to use the driver services for your stay, Junior provides a complimentary consultation meeting with you on your first morning. Don't worry – you aren't locked into that exact itinerary. You can make changes later, although the no-show fee will apply if you do not cancel service in time.

DRIVER PRICING

Overview

All the prices are for a single driver and vehicle. You aren't required to use the same price model for every day of your trip. For instance, if you want a tour around Soufriere on Monday and just a trip to the beach on Tuesday, you can select full-day for Monday and by-the-trip for Tuesday.

Only the full-day price for Zone 1 allows you to come back to the villa between trips at no extra charge. A few destinations/trips will be excluded from the zone pricing. See the next page for more information.

Paying for driver services

You may pay Junior in cash (US dollars are fine), or you may pay for his services with a credit card by establishing a credit line through the “[Pay](#)” page of our website, and we'll pay him for you. Other drivers will require cash payment at the end of your trip.

Taxi prices by the trip

Popular Destinations	One or two passengers	Three or four passengers	Five or six passengers
Anse Chastanet or Soufriere	\$45 US round-trip	\$55 US round trip	\$65 US round-trip
Mango Tree, Dasheene, Rabot	\$65 US round-trip	\$75 US round trip	\$85 US round-trip
Sugar Beach, Volcano, Tet Paul	\$65 US round-trip	\$75 US round trip	\$85 US round-trip
Villa to/from the UVF airport	\$85 US one-way	\$95 US round trip	\$105 US one-way
<i>Other locations outside of Zone 1 – Full day pricing is usually less expensive, but request a quote if interested</i>			

DRIVER ZONE MAP

Please note that the zones shown are approximate. Some trips may incur a higher cost than the zone map shows given the limited number or extremely poor conditions of roads in St Lucia. For instance, a trip to Castries and back through Dennery requires an almost-complete circling of the island as the Dennery/villa leg cannot cut across the interior and must go through Vieux Fort. The cost for this trip is higher than shown for a Zone 3 trip. **Please confirm the prices for your trips with Junior during your itinerary planning meeting.** Airport trips are excluded from zone pricing.

Junior's by-the-day pricing

Zone (full day) pricing	One or two passengers	Three or four passengers	Five or six passengers
Zone 1 (around Soufriere)	\$105 US	\$120 US	\$135 US
Zone 2 (Laborie to Anse La Raye)	\$160 US	\$175 US	\$190 US
Zone 3 (the rest of St Lucia)	\$200 US	\$215 US	\$230 US
